Wedding Will Occur Soon.

No date has been fixed for the marriage, but it will probably occur some time this fall in this city. It is understood that Mrs. Emery will purchase her troseau while in New York at this time and that other arrangements for the man who has woosed and won Mrs. Emery is not unknown in Salt Lake and Utah. He has heavy interests in the Anchor and other mines of Park City. Once or twice a your for some time he has been making trips to Salt Lake, estensibly to look after his properties.

man Would Fight the Case On the Plea That the Child On Which the Amdavit of Owen Is Based Was Adopted.

Considerable interest was manifested of the official party who went to New yesterday by citizens generally in the proposed prosecution by Charles M.

> Rumor of Defense. It was suggested to him that a rumor had gained general currency to the ef-fect that he intended to fight the case. To this President Snow replied, incon-ically: "Time will decide all these

things. I shall not say one word about It."

Further than this the venerable church leader absolutely declined to talk. He did not seem to be particularly worried over the threatened prosecution. He attended all the sessions of the conference yesterday, including the big Sunday school rally last night. On all of these occasions he gave no out-ward evidence that he had any unusual troubles on his mind.

Not Mentioned at Conference.

Contrary to general expectations, no reference at all was made to the matter at the conference. It was thought by some that one or more of the speakers would have something to say in regard to ft, but no allusion, either direct or remote, was thrown out by any of those who talked.

It is not at all likely that any steps will be taken in the case until Wednesday, the day set by County Attorney Putnam for Owen to return and receive his decision on the matter. The public
